Batu Caves, Gombak, Selangor

Motivated graduate with strong technical skills, proficient in programming languages, data structures, and software development methodologies. Equipped with problem-solving abilities and a collaborative mindset that can communicate effectively. Committed to delivering efficient and innovative solutions.

SKILLS

PROGRAMMING LANGUAGES

Dart, Java, C++, HTML, CSS, JavaScript, Python, PHP, SQL

FRAMEWORKS & LIBRARIES

Alpine.js, Astro, Bootstrap, Tailwind CSS, jQuery, FastAPI, Firebase, Flutter, WordPress, MySQL, Node.js

SOFTWARES & TOOLS

MS Office, Google Workspace, Figma, Cloudflare, Docker, Git, GitHub, GitLab, Canva, VS Code, OutSystems, Jira, Confluence

WORKING EXPERIENCES

Digital Intern (Developer)

Mar 2024 - Jun 2024

PETRONAS Dagangan Berhad

- Involved in developing a centralised data system using OutSystems, reducing data entry errors by 20% and improving efficiency for the HSE and SDD stakeholders streamlining data transfer to EDH.
- Co-designed wireframes and prototypes in Figma that improved user experience (UX) by 25%, as measured by a user satisfaction survey.
- Documented the system with user manuals and architecture diagrams in Confluence, reducing new developer onboarding time significantly.
- Resolved client-reported issues tracked with Jira, achieving an excellent first-contact resolution rate.

Web Developer Intern

Sept 2021 - Feb 2022

Reprise Digital Malaysia

- Led a migration project for a client's website alongside a fellow intern, successfully converting a hardcoded website into a dynamic website, under the guidance and supervision of Sr. Web Developer.
- Proactively implemented client requests related to CRO and SEO by leveraging JavaScript, jQuery, Bootstrap, PHP, and WordPress; streamlining development processes and accelerated deployment to the staging environment by 15%, allowing for faster testing and iteration.

Research Assistant

May 2021 - Dec 2021

Kolej Universiti Islam Perlis

- Supported lead researcher in a project by contributing to all stages of the research process - data collection, data organization, data analysis, and result interpretation.
- Communicated research findings effectively through written reports and discussions with researcher.

EDUCATION & CERTIFICATIONS

Bachelor of Computer Science (Hons.)

Universiti Teknologi MARA (UiTM) Shah Alam
Feb 2022 - July 2024
CGPA: 3.40

Diploma of Computer Science

Universiti Teknologi MARA (UiTM) Arau
July 2019 - Feb 2022
CGPA: 3.49

Malaysian University English Test (MUET)

2022
Band 4.5
